DETAILED ACTION

1. This Office Action is responsive to the Election filed 5-30-03 wherein claims 1-4 were elected for prosecution on the merits. Claims 5 and 6 stand withdrawn by the Examiner as part of the non-elected invention.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 1-4 are rejected under 35 U.S.C. 102(e) as being anticipated by Veneklasen et al.

Column 9, lines 16-42 discuss the beam diameter as setting the pixel size. This is the same as breaking a pattern into microscopic portions that are equal in size to the beam width. Additionally, since the beam is held steady during exposure, the dose amounts will be equal for all portions, dependent on the scan rate.
